The Luxury Manicure

Manicures and pedicures are a full-on experience at [Lux SF](#), best known for its natural nail services. Aside from its cultish colors—Deborah Lippmann, RGB, JINsoon, and the brand’s own in-house line, with hues named for noteworthy spots around the city—the Hayes Valley salon offers an array of specialized rituals for fingers and toes. Fragrant, exfoliating salt scrubs and milk baths, hydrating creams, and soy-based wraps containing shea butter and beeswax blends leave extremities relieved, refreshed, and primed for (perhaps team-themed) polish.
